METROPLAN

SMART PLANNING MAKES SMART PLACES.

# Dear City Clerk:

---

Please retain the enclosed document for your records and make available for public inspection. If you have any questions or need additional information, please call Casey Covington at 501.372.3300.  
THANK YOU!

---

## About the Unified Planning Work Program (UPWP)

The UPWP is a document that is prepared annually by Metroplan, which describes officially endorsed surface transportation planning activities to be carried out by Metroplan, the Arkansas State Highway and Transportation Department (AHTD) and the Central Arkansas Transit Authority (CATA) during the fiscal year beginning July 1 and ending June 30. Budgets for these planning activities are financed in large part with federal transportation planning funds through the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA).

The MAP-21 transportation act requires that, as a condition of receiving financial assistance from the US Department of Transportation, transportation projects implemented within the CARTS area must be consistent with the plans and programs developed through a "3C" planning process: continuing, comprehensive, cooperative. This 3C process is carried out by Metroplan in cooperation with the AHTD and public transit providers.

## About Metroplan

Metroplan is the federally designated metropolitan planning organization (MPO) for central Arkansas, operating under Title 23 Section 134, of the United States Code.
